

It's *your*  
*turn* now...

## *I've had my cervical screening, now it's your turn*

- Screening is usually done by a female nurse or doctor
- They can make adjustments to make you feel more comfortable
- You should attend cervical screening even if you have had the HPV vaccine

**Cervical screening saves lives**

**When you receive your invitation letter, contact your GP practice to book your appointment**

**Anyone with a cervix aged 25 to 64 should attend when invited**
